**AT&T**

Quick Start Guide

5.8 GHz 2-Line Corded/Cordless Answering System EP5962

## with Caller ID & Call Waiting

Installation and setup

Connect the base and install battery as shown below. After installation, place the cord-less handset in its charger to charge for at least 10-12 hours before use. You can keep the battery charged by returning the handset to the charger after each use.
NOTE: Use only the power cord supplied with this product. If you need a replacement, call 1-800-222–3111.
Be sure to use an electrical outlet not controlled by a wall switch.

Caution: Use only supplied rechargeable battery (model 102) or AT&T replacement battery model 103.

Insert supplied battery.

Press tab to open battery compartment.

Replace compartment cover.

Plug power cord into jack on underside of charger, then plug transformer into electrical outlet.

Plug base power cord transformer into electrical outlet.

Line 1   **Line 2**

Connect **black** line cord to jack labeled **LINE 2.**

Connect **clear** line cord to jack labeled **LINE 1/L1+L2.**

Place handset in charger for 12 hours before first use.

Connect handset cord to base handset.
