Quick start guide
CLE8131L/CL8331L/CL8331SC/CL8331SL/CL8341/CL8341SL/CX8341/CX8341SL
This quick start guide provides you with basic instructions only. For more complete instructions, refer to your Abridged user’s manual provided in the package, or see the online Complete user’s manual at www.telephones.att.com/manuals.

Battery installation
Plug the power cord into the telephone at the left side of the handset. Insert the base unit into the telephone base. For more complete instructions, refer to your CHARGE label supplied with the compartment. Insert the battery securely into the socket.

Telephone base installation
Plug the power cord into the telephone at the left side of the handset. Insert the base unit into the telephone base. For more complete instructions, refer to your CHARGE label supplied with the compartment. Insert the battery securely into the socket.

Step 1
Plug the battery connector securely into the socket inside the handset battery compartment. Insert the supplied battery with the label THIS SIDE UP facing up as indicated.

Step 2
Align the cover flat inside the battery compartment, then close the battery door until it clicks into place.

Step 3
Charge the handset by placing it face forward in the telephone base charger or cradle. The CHARGE light on the top of the handset is on during charging.

• Press to increase the listening volume when on a call.
• Press to decrease the listening volume when on a call.

• Press to initiate a one-to-one or one-to-group broadcast. Access menu to broadcast to a group of system devices.

Quick reference guide (continued)

Initial settings
We recommend you program your telephone system before USE. The following are a few examples of common features to set before using the telephone. Refer to the Handset settings, Telephone base settings and Answering system settings in the Abridged user's manual or the online Complete user's manual for detailed instructions on setting all telephone features.

Set date/time
Set the date/time before using the answering system. If you do not set the date/time, the answering system will not record messages.

Using a cordless handset or the telephone base:
1. MENU→#→#→SELECT.
2. Enter your desired day and year your system is in use.
3. Press to select the day and year.

Using a cordless handset or the telephone base:
1. MENU→#→#→SELECT.
2. Enter your desired day and year your system is in use.
3. Press to select the day and year.

Set date/time
Set the date/time before using the answering system. If you do not set the date/time, the answering system will not record messages.

Using a cordless handset or the telephone base:
1. MENU→#→#→SELECT.
2. Enter your desired day and year your system is in use.
3. Press to select the day and year.

Using a cordless handset or the telephone base:
1. MENU→#→#→SELECT.
2. Enter your desired day and year your system is in use.
3. Press to select the day and year.

Set date/time
Set the date/time before using the answering system. If you do not set the date/time, the answering system will not record messages.

Using a cordless handset or the telephone base:
1. MENU→#→#→SELECT.
2. Enter your desired day and year your system is in use.
3. Press to select the day and year.

Using a cordless handset or the telephone base:
1. MENU→#→#→SELECT.
2. Enter your desired day and year your system is in use.
3. Press to select the day and year.

Using a cordless handset or the telephone base:
1. MENU→#→#→SELECT.
2. Enter your desired day and year your system is in use.
3. Press to select the day and year.

Using a cordless handset or the telephone base:
1. MENU→#→#→SELECT.
2. Enter your desired day and year your system is in use.
3. Press to select the day and year.
Making a call:
Using a cordless handset:
Press \texttt{PHONE} or \texttt{SPEAKER} \texttt{-} Enter the telephone number.
Using the telephone base:
Press \texttt{4} or \texttt{SPEAKER} \texttt{-} Enter the telephone number.

\textbf{On-hook dialing (predialing):}
Press \texttt{PHONE} or \texttt{SPEAKER} \texttt{-} Enter the telephone number. Use the telephone base:
Press \texttt{-} Enter the telephone number. Press \texttt{4} or \texttt{SPEAKER} to call.

Answering a call:
Using a cordless handset:
Press \texttt{PHONE} or \texttt{SPEAKER}, or press any dialing keys \{0-9, TONE \# or \$\}.
Using the telephone base:
Press \texttt{4} or \texttt{SPEAKER}, or press any dialing keys \{0-9, TONE \# or \$\}.

Ending a call:
Using a cordless handset:
Press \texttt{OFF} or return the handset to the telephone base or charge.
Using the telephone base:
Press \texttt{4} or \texttt{SPEAKER}.

Handset/spakerphone:
During a call, press \texttt{4} or \texttt{SPEAKER} to switch between handset/spakerphone and normal handset use.

Redial:
Using a cordless handset:
Press \texttt{REDIAL} repeatedly to select the desired entry \{PHONE or SPEAKER\} to call.
Using the telephone base:
Press \texttt{REDIAL} repeatedly to select the desired entry \{PHONE or SPEAKER\} to call.

Volume control:
Press \texttt{VOLUME} \texttt{-} OR - \texttt{SPEAKER} to increase or press \texttt{VOLUME} \texttt{p} \texttt{-} OR - \texttt{SPEAKER} to decrease the volume during a call.

Call waiting (subscription from telephone service provider):
Press \texttt{FLASH} on the handset or \texttt{FLASH} on the telephone base to put current call on hold and to take the new call; press again to switch back and forth between calls.

Caller ID:
This product supports caller ID services offered by most telephone service providers. The telephone stores caller ID information of the last 50 incoming calls in the telephone base. This information is common to all devices.

Make a call:
When a handset or the telephone base is in idle mode and has new or missed calls, its screen shows XX Missed calls. You can erase the missed call indicator either by reviewing the call log one by one, or by pressing and holding \texttt{CANCEL} on the handset or \texttt{CANCEL} on the telephone base in idle mode.

Review and dial a number in the call log:
1. C/O in idle mode \rightarrow \texttt{v} or \texttt{a} \texttt{-} to scroll through the list.
2. \texttt{PHONE} or \texttt{SPEAKER} \texttt{-} on the telephone base to call when the desired entry is displayed.

Caller ID announcement:
When this feature is on and you have an incoming call, the handset and/or base speaks "Call from...," and the name of the caller based on the directory or caller ID information. You can turn this feature off for the base or each individual handset, or both.

1. \texttt{MENU} \rightarrow \texttt{v} or \texttt{a} \rightarrow \texttt{Settings} \rightarrow \texttt{SELECT}.
2. \texttt{v} or \texttt{a} \rightarrow \texttt{Caller ID ann.} \rightarrow \texttt{SELECT}.
3. \texttt{v} or \texttt{a} \rightarrow \texttt{to choose Set all On/Off} \rightarrow \texttt{Local handst or Base} \rightarrow \texttt{SELECT}.
4. \texttt{v} or \texttt{a} \rightarrow \texttt{to choose On or Off} \rightarrow \texttt{SELECT}.

Directory:
The directory can store up to 50 entries, which are shared by all system devices.

Adding an entry:

1. \texttt{MENU}.
2. \texttt{v} or \texttt{a} \rightarrow \texttt{Directory} \rightarrow \texttt{SELECT}.
3. \texttt{v} or \texttt{a} \rightarrow \texttt{Add contact} \rightarrow \texttt{SELECT}.
4. \texttt{Enter a telephone number up to 30 digits} \rightarrow \texttt{SELECT}.
5. \texttt{Enter a name up to 15 characters} \rightarrow \texttt{SELECT}.

Searching/dialing an entry:
1. \texttt{DIR} in idle mode.
2. \texttt{v} or \texttt{a} \rightarrow \texttt{Browse through the directory, or press the dialing keys (0-9) to start a name search}.
3. \texttt{Press \texttt{PHONE} or \texttt{SPEAKER} to dial a handset to call}.

Answering system:

About answering system and voicemail:
Your telephone has separate indicators for two different types of voice messages those that are kept in the built-in answering system and those left at your telephone service provider's voicemail. To listen to messages recorded on the built-in answering system, refer to the Message playback section below; to listen to voicemail, contact your telephone service provider for more information.

Turn answering system on/off:
The answering system must be turned on to answer and record messages. Using a cordless handset:
1. \texttt{MENU}.
2. \texttt{v} or \texttt{a} \rightarrow \texttt{Answering sys} \rightarrow \texttt{SELECT}.
3. \texttt{v} or \texttt{a} \rightarrow \texttt{On or Off} \rightarrow \texttt{SELECT}.
When the answering system is on, the handset shows \texttt{ANS ON}.

Using the telephone base:
Press \texttt{4} or \texttt{ANSWER ON} to turn the answering system on or off. If the answering system is turned on, \texttt{Calls will be answered and \textquoteright; call waiting is turned off.} If the answering system is turned off, it announces, \textquoteleft; Calls will not be answered.\textquoteright; When this feature is on, and there is at least one new message, the telephone base beeps every 10 seconds.

Using a cordless handset or the telephone base:
1. \texttt{MENU} \rightarrow \texttt{v} or \texttt{a} \rightarrow \texttt{Answering sys} \rightarrow \texttt{SELECT}.
2. \texttt{v} or \texttt{a} \rightarrow \texttt{Ann sys setup} \rightarrow \texttt{SELECT}.
3. \texttt{v} or \texttt{a} \rightarrow \texttt{Mrg alert tone} \rightarrow \texttt{SELECT}.
4. \texttt{v} or \texttt{a} \rightarrow \texttt{On or Off} \rightarrow \texttt{SELECT}.

Message playback:
Use this feature to choose whether incoming messages can be heard over at telephone base when they are being recorded. If you turn call screening on, you hear the incoming message at the telephone base. While monitoring an incoming message, you can answer the call by pressing \texttt{PHONE} on the handset or \texttt{SPEAKER} on the telephone base.

Using a cordless handset or the telephone base:
1. \texttt{MENU} \rightarrow \texttt{v} or \texttt{a} \rightarrow \texttt{Answering sys} \rightarrow \texttt{SELECT}.
2. \texttt{v} or \texttt{a} \rightarrow \texttt{Ann sys setup} \rightarrow \texttt{SELECT}.
3. \texttt{v} or \texttt{a} \rightarrow \texttt{Select Call screening}.
4. \texttt{v} or \texttt{a} \rightarrow \texttt{to choose On or Off} \rightarrow \texttt{SELECT}.
