Quick start guide

5.8 GHz Cordless Telephone/Answering System E5945B

with Caller ID & Call Waiting
Installation & setup

Place handset in charger for at least 16 hours before first use.

Plug power adapter into jack on underside of charger as shown, then plug into an electrical outlet not controlled by a wall switch.

Plug one end of the telephone line cord into a modular telephone jack, and the other end into the telephone jack at the bottom of the telephone base.

Plug the larger power adapter into an electrical outlet not controlled by a wall switch, and plug the other end into the bottom of the telephone base.

NOTES:
1. Use only the power cord supplied with this product. If you need a replacement, call 1 (800) 222-3111.
   In Canada, call 1 (866) 288-4268.
2. Be sure to use an electrical outlet not controlled by a wall switch.
Quick reference guide

Cordless handset

PHONE/FLASH
Press to make or answer a call. During a call, press to receive an incoming call if call waiting is activated.

CID
While in menus, press to scroll down. When the telephone is not in use, press to display call log entries. While entering names or numbers, press to delete last character entered. During a call, press CID to lower listening volume.

DIR
While in menus, press to scroll up. When the telephone is not in use, press to display directory entries. While entering names, press to advance the cursor to the next space. During a call, press DIR to increase listening volume.

SELECT/TRANSFER
Press to store a programming option. During a call, press to transfer a call between cordless handsets.

OFF/CLEAR
During a call, press to hang up. While using menus, press to cancel an operation, back up to the previous menu, or exit the menu display.

CHAN
When the telephone is off the hook, for example, when on a call, pressing the CHAN or DELETE button causes the telephone to scan for a clearer channel when there is static or interference on the line.

REDIAL/PAUSE
While the telephone is idle, press to display the last number called. While dialing or entering numbers into the directory, press to insert a four-second dialing pause.

DELETE
When the telephone is in CID mode, press either the CHAN or DELETE button to delete the displayed caller ID entry, or press and hold the CHAN or DELETE button to delete all caller ID entries.

NOTE: For more information, please refer to the user’s manual.
Quick reference guide

Telephone base

HANDSET LOCATOR
Press to page the cordless handsets, if none of the handsets is in the telephone base. Press again to cancel the page. Press OFF/CLEAR on cordless handset, or place cordless handset in the telephone base or charger to cancel the page on that handset only; all other handsets are still being paged.

CHARGE/IN USE
Flashes when one of the cordless handsets is in use. On steady when the cordless handset is properly positioned to be charged in the telephone base. Flashes when there is an incoming call.
