Initial settings

We recommend you program your telephone system before use. The following are a few examples of common features to set before using the telephone. Refer to the Handset settings, Telephone base settings and Answering system settings in the Abridge user’s manual or the online Complete user’s manual for detailed instructions on setting all telephone features.

**Set date/time**

Set the date/time before using the answering system.

Using a cordless handset or the telephone base:

1. **MENU** ➔ **1** ➔ **Set date/time** ➔ **SELECT**
2. Enter the month, day and year using the dialing keys ➔ **SELECT**.
3. Enter the hour and minutes using the dialing keys ➔ **SELECT**.
4. **y** ➔ **A** or **P** ➔ **SELECT** ➔ **SELECT**.

**Basic answering system setup via voice guide**

You can follow the voice guides to record your own announcement, set the number of rings and set the message alert tone.

Using the telephone base:

1. **MENU** ➔ **1** ➔ **Answering sys** ➔ **SELECT**
2. **y** ➔ **A** ➔ **Voice guide** ➔ **SELECT**
3. Set up the answering system by entering the designated numbers as instructed.

Record your own announcement

Your outgoing announcement plays when calls are answered by the answering system. You can use the preset announcement to answer calls, or replace it with your own recorded announcement.

Using a cordless handset:

1. **MENU** ➔ **1** ➔ **Answering sys** ➔ **SELECT**
2. **SELECT** ➔ **Select Announcement**
3. **SELECT** ➔ **Select Recorded Announce**
4. **SELECT** ➔ **Play Recorded Announce**
5. **SELECT** ➔ **Turn off Announce**
6. Face the handset, record your announcement and press **t** to end recording.

Using the telephone base:

1. **RECORD** ➔ **364** ➔ **Announce** ➔ **SELECT**
2. Speak towards the telephone base to record your announcement and press **t** to end recording.

**Number of rings**

You can set the answering system to answer an incoming call after two, three, four or six rings, or if you have new messages, the answering system answers a call after two rings if you have new messages, or after four rings when there are no new messages.

If you want the built-in answering system instead of the voicemail to answer a call, you should set the answering system to answer a call at least two rings before the voicemail is set to answer. Contact your telephone service provider for information on your voicemail settings.

Using a cordless handset or the telephone base:

1. **MENU** ➔ **1** ➔ **Answering sys** ➔ **SELECT**
2. **y** ➔ **A** ➔ **Ans sys setup** ➔ **SELECT**
3. **y** ➔ **3** ➔ **Rings** ➔ **SELECT**
4. **y** ➔ **A** ➔ **To choose among 2, 3, 4, 5, 6**
5. **To** ➔ **Toll saver** ➔ **SELECT** ➔ **SELECT**

**Ringer volume**

Set the ringer volume level to one of the six levels or turn the ringer off.

Using a cordless handset or the telephone base:

1. **MENU** ➔ **1** ➔ **Ringers** ➔ **SELECT**
2. **SELECT** ➔ **Ringer volume**
3. **y** ➔ **To choose among Levels** ➔ **SELECT**

**Reset language to English**

If you have accidentally changed the screen display language and want to switch it back to English, follow the steps below.

4. **MENU** ➔ **t** ➔ **364** ➔ **SELECT**

**Charger installation**

Plug the electronic unit into a power outlet not controlled by a wall switch.

**Battery installation**

Install the battery as shown below. Charge your handset before initial use. The battery is fully charged after ten hours of continuous charging.

**Charge the battery**

1. **Plug the battery connector securely into the socket inside the handset battery compartment.**
2. **Insert the supplied rechargeable battery or replacement battery (model BT183342/BT283342 (2.4V 400mAh Ni-MH)).**
3. **DO NOT BURN OR PUNCTURE BATTERIES.**

**Initial setup**

Refer to the telephone base installation.
**Telephone operation**

**Making a call**
- Using a cordless handset: Press [PHONE] or [SPEAKER] -> Enter the telephone number.
- Using the telephone base: Press [PHONE] or [SPEAKER] -> Enter the telephone number.

**On-hook dialing (predisalting)**
- Enter the telephone number -> Press [PHONE] or [SPEAKER] to call.
- Using the telephone base: Enter the telephone number -> Press [PHONE] or [SPEAKER] to call.

**Answering a call**
- Using a cordless handset: Press [PHONE] or [SPEAKER], or press any dialing keys (0-9, TONE or #).
- Using the telephone base: Press [PHONE] or [SPEAKER], or press any dialing keys (0-9, TONE or #).

**Ending a call**

- Using the telephone base: Press [REDIAL] repeatedly to select the desired entry or [PHONE] or [SPEAKER] to call.

**Volume control**
- Press VOLUME [-] to decrease or press VOLUME [+] to increase the listening volume during a call.

**Call waiting**
- Requires subscription to a call waiting service provider.
- Press FLASH on the handset or FLASH on the telephone base to put current call on hold while you make the new call; press again to switch back and forth between calls.

**Caller ID**
This product supports caller ID services offered by most telephone service providers. The telephone stores caller ID information of the last 50 incoming calls in the telephone base. This information is common to all devices.

**Missed call indicator**
You can erase the missed call indicator either by reviewing the call log one by one, or by pressing and holding CANCEL on the handset or CANCEL on the telephone base in idle mode.

**Message alert tone**
- When a handset or the telephone base is in idle mode, it announces a message alert tone every 10 seconds. When this feature is on, and there is at least one new message, the telephone base beeps every 10 seconds.

**Call block**
If you have subscribed to Caller ID service, you can use the call block feature to reject certain calls automatically. The call block list can store up to 20 entries. This feature is only available on the telephone base.

### Operation Steps

**Adding a call block entry**
1. [MENU] -> [0] or [A] -> Call block -> SELECT.
2. SELECT to select block list.
3. [0] or [A] -> Add new entry -> SELECT.
4. Enter a telephone number up to 30 digits -> SELECT.
5. Enter a name up to 15 characters -> SELECT.

**Blocking calls without number**
1. [MENU] -> [0] or [A] -> Call block -> SELECT.
2. [0] or [A] to choose Not block or Block -> SELECT.

**Directory**
The directory can store up to 50 entries, which are shared by all system devices.

### Operation Steps

**Adding an entry**
1. [MENU] -> [0] or [A] -> Directory -> SELECT.
2. Enter a telephone number up to 30 digits -> SELECT.
3. Enter a name up to 15 characters -> SELECT.

**Searching/dialing an entry**
1. OR in idle mode.
   - Press [0] or [A] to browse through the directory, or press the dialing keys (0-9) to start a name search.
   - Press [PHONE] or [SPEAKER] on a handset to call.->
   - Press [SPEAKER] on the telephone base to call.

**Answering system**
About answering system and voicemail
Your telephone has separate indicators for two different types of voice messages: those left on the built-in answering system and those left at your telephone service provider.

**About answering system and voicemail**
Your telephone has separate indicators for two different types of voice messages: those left on the built-in answering system and those left at your telephone service provider. (来电未接) voicemail, contact your telephone service provider for more information.

**About answering system and voicemail**
- The answering system must be turned on to answer and record messages.

### Operation Steps

#### Adding a call
