Use voice guide to set Smart call blocker

Right after installing your phone, the voice guide will provide you with a quick and easy way to configure Smart call blocker.

After you install your telephone, the telephone base will prompt you to set the date and time. After the date and time setting is done or skipped, the telephone base then prompts. If you want to set Smart call blocker - “Hello! This voice guide will assist you with the basic setup of Smart call blocker.” Scenarios (1), (2) and (3) are very easy to set up with the voice guide. Just press 1, 2 or 3 on the telephone base when prompted.

- Press 1 if you want to screen calls with telephone numbers that are not saved in your Directory. Allow list, or Star name list,
- Press 2 if you want to screen calls that do not display a telephone number;
- Press 3 if you do not want to screen calls, and want to allow all incoming calls to get through.

Note: To restart the voice guide, press CALL BLOCK on the telephone base, and then press CID or DIR to choose Voice guide. Then, press SELECT.

For complete operation instructions of Smart call blocker, read the complete user’s manual of your telephone system.
